Building Report August 2018 BOE Meeting

Enrollment:

Enrollment took place August 1-2. Office and nursing staff worked with new and returning parents to complete the information required for enrollment. We utilized a google form again this year to replace a number of our notification and permission forms. It helped to stream line the enrollment process and parents mentioned that they appreciated the opportunity to complete so much ahead of time. Currently, we anticipate 344 students grades K-5. Our at-risk preschool is full at 24 students.

Back To School: A number of SES staff members and their families gathered for a pool party on August 3 at the Sabetha Aquatic Center. It was a beautiful night, and was a great opportunity to catch up with colleagues and reconnect before school starts. We would like to thank the lifeguards and Loretta Buser for providing the opportunity to rent the pool.

Summer Maintenance:

Our custodial staff has been a tremendous support for our staff as teachers have begun to ready their classrooms for the return of students. Five new SMART boards have been installed. Kindergarten bathrooms are almost completely finished in their updates. Schuette Lawn and Landscapes completed a number of playground projects. Two new doors should be installed this week.
